

Intimations.

A GOOD DIET

is of the greatest importance during illness and convalescence. A beef tea that contains the smallest amount of fat or is weakened by foreign ingredients often hinders, instead of helping, recovery.

Lemco (Liebig Company's Extract) is the strongest preparation of beef that science knows. It is quite free from the fat that so often spoils home-made beef teas. Keeps perfectly in any climate.

THE MINERS' CONFERENCE AND THE TAX
QUESTION.

Before the effect of the recently imposed coal tax had been considered by the Westchester Miners' Conference, no fewer than 433,844 miners were in favour of a general strike, and less than 100,000 against the proposal. But the conference, which represented 750,000 miners, decided that, provided the miner's wage was not affected by the tax, there should be no strike.

A big mine owner has now expressed his conviction that the miner will have to bear a share of the burden after all, and so we may shortly expect the most calamitous coal strike that the United Kingdom has ever witnessed.

What shall we do for coal? Goodness knows prices to-day are high enough! There is wood, peat, and kelp. All three of these substances burn. Wood, however, is scarce; peat is unobtainable; and kelp, which is found in the bays, and which is manufactured by the livers might enable us to go without fire altogether if only we could secure sufficient of it in our houses.

Bile, it may be said, is the natural purifier of the body, and bile is this part of bile which gives heat to the blood. It is true, in fact, like coal, and in this way supplies the body with the necessary heat. Seeing that bile is the body's purifier, it can readily be understood that if the liver (which makes bile) is diseased there is a serious danger threatening you.

No better cure could be found than that of Mrs. Carter, who speaks in plain English: "I had always been a very poor eater, exercising much judgment in what I ate and drank," she says, "but about four years ago I knew, for the first time what indigestion really meant."

"I tried to eat everything and anything, like other people, but indigestion soon pulled me up. A man who said to me, 'I do not think that I could have suffered greater agony. After that I became more cautious, but the least bit of solid food severely punished me.'"

"A piece of bread and butter would give me pain, and consequently I lived on tea and food. My strength ebbed slowly away, and after a time, owing to the weakness of my health, I grew to be very constipated and was troubled with severe, recurring pains in the bowels."

"No medicine did me any good until I tried Seigel's Syrup, the first bottle of which gave me great relief. I continued taking it and found that my appetite and powers of digestion rapidly improved. I gained strength, too, and naturally I gained confidence in Seigel's Syrup, which, in time, completely cured me of every ill."

"I feel better in myself now, and have not anything without Seigel's Syrup. It is my stand-by in time of need. It is a wonderful remedy." P. Carter (Mrs.), 40, Bond Street, Lyng Lane, West Bromwich, April 10th, 1901.

Given out of a desire to do good, I do not think there is no need for anybody to ask which is the greater necessity, coal or bile. The answer is obvious. Remembering that bile is a purgative, regulating the bowels. Seigel's Syrup will induce and maintain a normal flow of bile. A healthy action of the stomach, liver, and kidneys results from the use of the great herb tonic. These three organs strike when neglected or overworked.

"A great advantage of Seigel's Syrup is that it acts against the poisons upon heads of homes and business worries. Seigel's Syrup enables the system to resist these insidious influences, and by maintaining full vigour, makes every organ healthy. There are no better advantages than a clear head and a healthy body."

What would a householder think of the merchant who delivered his richest goods when he has himself neglected his health? Seigel's Syrup is the best. Put it in the position when you order Seigel's Syrup. Thank you.

emphatically and firmly refuse any substitution. Seigel's Syrup has a thirty years' reputation and bears A. J. White's steel engraved label; the substitute has neither.

People are not apt to think that the men who secretly practise these acts of dishonest substitution are at the root of some of our great labour evils. Substitutes undermine the legitimate sale of well-known products whose preparation on a large scale is responsible for the employment of thousands in well-lighted and sanitary factories, where prospects are sound and wages are certain.
